Strategic Plan
2012 - 2016
Vision Statement

St. Michael’s College is a school community, built on Christian values, nurturing individuals and inspiring quality learning.

Mission Statements

Students of the College

Through students’ involvement in the four pillars of academic, spirituality, sport and culture recognised by St. Michael’s College we support and facilitate the learning of young people through the commitment of dedicated staff as well as dynamic and challenging learning experiences. We value the uniqueness of individuals, creating a sense of belonging and achievement.

Children of the Early Learning Centre

Through children’s involvement in social, emotional, physical and cognitive learning recognised by St. Michael’s College, we support and facilitate the learning of young children through the commitment of dedicated staff as well as through dynamic and stimulating learning experiences. We value the uniqueness of individuals, creating a sense of belonging and achievement.

Staff

Through leadership, we empower staff to achieve high quality outcomes through providing a safe environment which is fair, supportive, respectful and inclusive. We value the uniqueness of each staff member and provide opportunities for ongoing professional development and reflection.

Parents

In the St. Michael’s College Community, parents and carers are recognised and embraced as vital participants in their child’s education. We strive to develop effective partnerships based on foundations of strong communication and respect.

Board of Directors

St. Michael’s College expects that the Board provides leadership and guidance in achieving the organisational Vision and Mission.

The Confraternity of the Kingdom of Christ

St. Michael’s College is supported by The Confraternity of the Kingdom of Christ to reflect The Confraternity of the Kingdom of Christ’s values and beliefs.
Values Statement

We believe that the primary overarching purpose of the school is learning for all and that through mutual respect and caring everyone is able to strive in dignity towards achieving their full potential.

Respect

We respect ourselves, others, property and our school’s history and traditions. We are aware of the diversity of others and include them and their cultures with understanding and tolerance.

Responsibility

We will fulfil our responsibilities at home, at school and in the community and are accountable for what we say and do, accepting the consequences for the decisions and choices we make. We resolve differences in a constructive, non-violent and peaceful way and take care of our environment.

Care and Compassion

We care for others and ourselves through the use of good manners, sharing our knowledge and creating friendships based on consistency between words and deeds.

Co-operation

We work together to reach goals by doing our share of the work, helping one another and working together with patience and tolerance.

Honesty and Trustworthiness

We strive to be honest, sincere and truthful knowing that healthy relationships are based on trust.
Teaching and Learning

Statement:

Inspire quality learning through dynamic and challenging learning experiences.

New Technology

Statement:

Investigating, evaluating and implementing new technology to improve effectiveness and efficiency in the following areas:

- Decision-Making
- Teaching and Learning
- Communication
- Administration

Collaboration with Others

Statement:

Investigate and promote strong collaboration for mutual benefit.
Brand Awareness and Local Community Profile

Statement:

Maximise our local community profile.

Early Learning Centre

Statement:

Facilitate the integration of the Early Learning Centre into the day to day ethos and Vision Statement of the College to become a successful component of the College.

Future Development

Statement:

Investigate and evaluate possible future development in line with the Vision and Mission Statements, and develop implementation plans of the relevant projects.
Managing and Maintaining Infrastructure and Equipment

Statement:

Manage and maintain infrastructure and equipment in line with regulations and operational requirements in light of the Vision and Mission Statements.
